GOLDEN PARADISE BEACH RATEPAYERS & RESIDENTS ASSOCIATION Inc

Hi to all our members and the wider community.

Date 01/06/2025

The EOSS Festival seems to have just finished, thanks to a late Easter this year; however, we had good weather hold up for the whole of the event.

Once again, we had a great Market Day, and many thanks to Christine Healey for an excellent Art Exhibition, which was well patronised and enjoyed by all.

The Monster Raffle and Fishing Competition was well supported this year with increased ticket sales and the introduction of Early Bird Prize Draws for early ticket purchases.

The festival would not have been possible without the support of the many sponsors and our Volunteers, for which we are thankful.

The revenue raised will go towards the continued development of the Tourist Park and maintenance services.

NEW SIGNS FOR THE COMMUNITY TOURIST PARK

These new signs are being erected as a Safety Measure and in the hope that those who constantly use the RV SITE AREA as a through road will understand that it is not a public road and is not to be used as a “shortcut” to where they want to go.

The area is becoming more popular and bringing more tourists, and pedestrian traffic has increased and will continue to do so with the additional opening of the Info Centre and Art Gallery.

**PLEASE DO NOT
ENTER FROM
MERIDAN RD.**

Will Also Soon Be Installed

Golden Beach Fire Brigade

Protecting Life and Property

With the cooler weather we are now experiencing, I think it would be a timely reminder, to all residents and holiday home owners, to carry out maintenance on all heating appliances – A thorough cleaning of Flues for Combustion Heaters, Chimneys for open fires, dust Fan Heaters and Split Systems need filters removed and brushed off to remove built-up lint. The Brigade has turned out to a Chimney fire and Winter is approaching fast... while you're in a maintenance mood, why not check and test your Smoke Alarms?

The Brigade came together, in a relaxed atmosphere, to present service awards to some of our very deserving Firefighters. Nation Medals were awarded to Gerry Wassink, Rod Gilbert, Colin Price and myself. The following received Service Awards - Vince Ingram, 50 years. Mark Maybury, 40 years. Daryl Greig, 25 years and Kevin Shepherd, 15 years. Congratulations to you all !!! The day was shared with VMMR and the Australia Day Fishing Comp. Committee where the Brigade received a portion of the Fishing Comp proceeds. Huge appreciation goes to all who make this comp happen year after year. Also, to the members of the Golden Beach Golf Club for their donation of \$1,167.30 to go towards a Thermal Imaging Camera. Thank you so much, we now have one for each Tanker.

Our Biennial Election of Office Bearers was held on the 21st of May with the following outcome:
Captain – Vince Ingram. 1st Lieutenant – Gerry Wassink. 2nd Lieutenant – Colin Price.
3rd. Lieutenant – Linda Doward. Secretary – Leanne Dempster. Congratulations to you all.!!!

I have been Captain for over 20 years in my 38 years with Golden Beach and it is definitely time to move over. In saying that, I will remain a member of the Golden Beach Fire Brigade. My appreciation for many runs deep and I thank you all for the support I have received. Lee, I will never forget your solo efforts to feed the CFA Strike Teams in town during the Loch Sport Fires (your turn for coffee). Ken and Andrew, your support through this Newsletter is amazing and finally... our awesome Golden Beach Fire Brigade members, what do I say? YOU ARE SO APPRECIATED.. from the bottom of my heart.. thank you, you mean the world to me.

Take care and thank you all for an amazing journey

Paula – Captain – Golden Beach Fire Brigade

CFA GOLDEN BEACH FIRE BRIGADE

Heating is essential in winter, but it comes with an increased risk of fire. Make sure you know how to prevent fires starting in your home by being safe when heating your home.

Heating your home safely

Heating is one of the main causes of house fires in winter. It doesn't matter what kind of heating you have, it is a fire risk.

Keep yourself and your family safe by following these tips.

- Turn off heating and put out wood fires before going to bed or leaving home.
- Keep items that can catch fire at least one metre away from all heat sources. This includes:
 - clothes
 - sofas and chairs
 - toys
 - papers and anything else which can burn.
- Children should not be left alone near heaters, so they don't accidentally get severely burnt.
- All heaters should be in good working order to prevent a fire starting.

Make a safer choice

New heaters have the best safety features. Replace your old heaters with new ones that will turn off when tipped over or when it overheats. Newer heaters are also generally more efficient for heating your home.

Gas heating

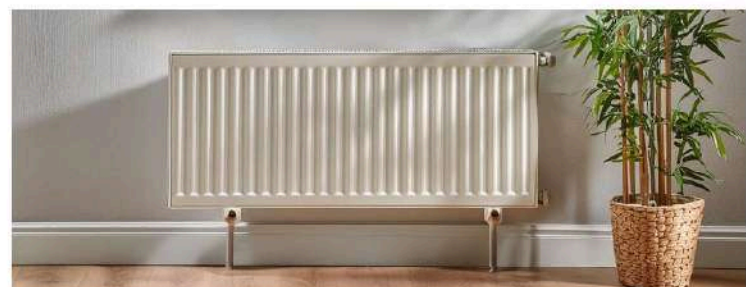

Gas heaters can start a fire if there is a gas leak. They should be inspected and serviced every two years by a professional.

Carbon monoxide poisoning

Gas heaters that are not operating efficiently can cause carbon monoxide poisoning.

Carbon monoxide, commonly known as the silent killer, can't be seen, tasted or smelt.

Breathing in carbon monoxide can cause loss of consciousness, seizures and even death. This is why it is important to have your gas heaters regularly serviced.

CFA GOLDEN BEACH FIRE BRIGADE

Portable heaters

Portable heaters are only designed to heat small spaces for short periods of time. Follow these tips when using portable heaters to warm up your room:

- Turn portable heaters off if you leave the room or go out.
- Don't put anything on top of or near your heater, including toys, your couch, clothes or anything else which can catch fire. Keep all items at least one metre from the heater.
- Don't let children play near heaters.
- Only use heaters which have an automatic safety switch that turns them off if tipped over or if they overheat.
- Don't use portable heaters that are designed to be filled with a liquid like kerosene.

Open fires and wood heaters

Wood fires are a common way to heat homes across Victoria, but they can be dangerous.

Follow these tips when using open fires and cast iron wood heaters:

- Always put the fire out before leaving home or going to sleep.
- Use a fire screen to help stop logs rolling out of the fire or embers and sparks landing on your floor. A fire screen can protect children from severe burns from touching the fireplace or wood heater.
- Keep wood and other flammable objects, like drying clothes and soft toys, at least one metre away from fire. Clothes airers can be tipped over which can cause clothes to catch fire if they land on the heater or fire.
- Only burn dry, clean wood. Green wood, or treated wood can release toxic gases. Burning green wood also increases the build-up of creosote. Creosote is a black substance that can build up inside the chimney. If enough builds up this substance can catch fire and cause a chimney fire which can spread to your whole house.
- When cleaning your fireplace or wood heater, check that embers are cold before you throw them out, otherwise they could start a fire in your bin.
- Chimneys and flues should be cleaned yearly, to prevent a build-up of creosote. This should be done in autumn, before you light your fire for the first time when the weather starts to cool. Birds can build a nest in your chimney after you stop using it in spring. This can catch fire once you start using your fireplace in autumn.

Volunteers Week

The VMMR wish to acknowledge the support and efforts of our volunteers to keep the reserve and facilities maintained for the enjoyment of all the community.

Wellington Shire Council conducted a Volunteers Expo on the 22nd of May to encourage volunteers & thank the volunteers in our municipality. If you would like to volunteer for small tasks at the reserve, please contact us.

Vegetation Volunteers have continued to remove excess vegetation from walking tracks and open spaces on the reserve. We have a permit for controlled burns of green waste during winter. During autumn some excess vegetation was mulched for the gardens. Our great volunteers have kept the mowing under control and everything is looking good.

Risk & Maintenance We are currently working through the list of safety checks and maintenance items that are part of the Essential Safety Measures manual for the building, owned by Wellington Shire Council. Costs associated with the service and maintenance of equipment and mowers used weekly is partly funded from fundraising efforts and donations.

Seeking your Support

Over 20 years ago a very small group of passionate locals worked tirelessly with Volunteers, Local Benefactors and Wellington Shire Council to secure a plot, break ground and construct the Golden Paradise Bowling Green and supporting infrastructure. The Green surface itself was second-hand and, whilst it has proved reliable over the years it is no longer fit for competition, sections of it are not playable, and it is in need of replacing.

The Club has been presented with an opportunity to acquire a second-hand, competition grade needle punch carpet as a replacement surface thanks to our good friends at Maffra Bowls Club. However the cost to have it transported, have our green levelled and the surface professionally re-laid on new underfelt (\$118,000) is beyond our means. Our 17 members have spent a number of years squirreling away funds from raffles, barefoot bowls, and playing fees to accumulate \$20,000 towards this project but **we desperately need a Benfactor or Two** if we are to take advantage of this opportunity. We are seeking grants to assist but success in that space is competitive and contingent on the remainder of the funds needed to complete the project being in place already.

So.. if you or someone you know is passionate about bowls, supporting small clubs as has the financial capacity to assist we would like hear from you. Please contact our Secretary, Bruce Chynoweth secretary@gpbowls.com.au M: 0414 388 955

We acknowledge the Gunaikurnai people as the Custodians of the lands and waters
on which we live and work and we pay our respects to their Elders past and present

Welcome to the Winter newsletter of the Golden Paradise Beach Community Development Fund, where we have the opportunity to share what has been happening over the past 3 months.

There have been major changes to the Executive recently, with both Paul Green and Gianna Braida stepping down for personal reasons. The Fund would like to thank them both for their hard work, enthusiasm and life-experience they brought to the Board as Foundation Members of the Fund.

Bruce Chynoweth has stepped up to replace Paul, and we are currently seeking a replacement for Gianna. We feel that it is important that members of the Executive are full-time residents of our communities, as this gives them a deeper insight into local needs and issues.

We have begun identifying key offshore wind energy players directly impacting our local communities and have met with Gippsland Dawn, Navigator North, Blue Mackerel and Aurora Green to start the process of defining our future. While other wind farms will have an indirect impact on the entire Ninety Mile Beach, these are the projects that will have the biggest, most immediate impact upon us.

The Gippsland Coastal Assembly being organised for June by the GCCN will tackle a vital question: *“How can Gippsland’s role in offshore wind energy benefit our families, communities, and coastline?”*. The Fund is a member of the Program Advisory Group that is assisting in designing the Assembly, and 5 members of the Golden Beach and Paradise Beach communities have been accepted to participate.

Face-to-face “town hall” Q&A session(s) in the near future will introduce the Fund to the community and allow us to share our aspirations and answer your questions. Stay tuned for dates and platforms (Zoom or similar), as we want **everyone** to participate!

Once these session(s) are completed, we will bring together a “sub-committee” and design a brief to tackle the task of building our Community Development Plan (CDP) together. This CDP will be used to inform industry and government of the goals, aspirations and the issues that we all hold important in our community.
