OBJECTIVES

For Council to resolve to advertise the 2014/15 Draft Budget and seek public submissions in accordance with Section 223 of the *Local Government Act 1989*.

BACKGROUND

Council has developed the 2014/15 Draft Budget, for the financial year commencing 1 July 2014 and ending 30 June 2015. Council undertook several workshops in early 2014 as part of the budget development, which reviewed proposed capital projects, operational costs, service levels, fees and changes as well as Council's rating strategy.

The proposed 2014/15 Budget reflects a 3.8% increase in income from general rates (excluding supplementary rates).

The increasing cost of compliance with Environment Protection Authority (EPA) requirements in the provision of waste infrastructure (landfills and transfer stations) has resulted in the need to maintain the Waste Infrastructure Charge at \$32, in order to be able to fund future capital works. In addition, the Garbage Charge will increase to \$171.00, with the associated EPA Levy Charge to remain unchanged at \$14.92.

This proposed increase in rates and charges takes into account the current economic climate and its impact on ratepayers, while recognising the need to continue providing an acceptable level of service to the community.

Fees and charges set by Council have also been reviewed and increases proposed where appropriate.

The next step in the process is for Council to formally advertise the 2014/15 Draft Budget and to receive submissions regarding same so that Council is in a position to consider the adoption of the proposed budget at the 24 June 2014 Special Council Meeting.

The full range of issues considered within the budget is detailed in the attached document, which is based on the best practice guide for reporting local government budgets in Victoria. This document represents the core component of an annual budget report and recognises that there are different levels of interest in the budget by various stakeholders. This different level of interest is considered by structure within the document, beginning with an overview (sections 1-3), moving to analysis of the key issues embodied in the budget (sections 4-7) and linking the budget to the long-term strategies of Council (sections 8-11). The budget document also includes appendices setting out greater levels of detail on important matters directly related to the budget and setting out statutory disclosures required by the *Local Government Act 1989*.

OPTIONS

Council has the following options:

1. To advertise the 2014/15 Draft Budget seeking submissions from the public; or
2. To seek further information and present the 2014/15 Draft Budget to Council for consideration at a later Council meeting.

PROPOSAL

That:

1. Council advertise its 2014/15 Draft Budget (as attached) in accordance with Section 129 of the *Local Government Act 1989*; and
2. Council consider submissions on the 2014/15 Draft Budget at a Council Meeting on Tuesday 3 June 2014 at 3pm; and
3. Council meet on Tuesday 24 June 2014 at 6pm to consider the formal adoption of the 2014/15 Budget; and
4. Council advise its intention to make declarations regarding rates and charges for the period commencing on 1 July 2014 and concluding on 30 June 2015:

All individuals or organisations making submissions in response to the 2014/15 Draft Budget will have an opportunity to present to Council on Tuesday 3 June 2014, and will be advised in writing of the outcome once Council has considered their submission.

“Wellington is recognised as a leader in local government in Victoria and is a competently managed and led organisation which performs to the highest standards. We strive to meet the needs of our community through clear organisational goals and objectives whilst continuing to attend to our core business in an ethical and financially responsible manner.”

The preparation of the annual budget and releasing it to the community for public comment is in line with this vision.

The outcomes of the budget process will have an impact on the level of resources available in the 2014/15 financial year and the staffing levels of Council.

COMMUNITY IMPACT

The 2014/15 Draft Budget reflects the financial impact of the services provided by Council to the community, and as such will impact on the community through enhanced services especially in infrastructure construction, maintenance, recreation programs and facilities, and strengthening community participation.
