Reverse Wellington Shire's decision: Keep our red bins weekly!

The issue

Wellington Shire Council has recently announced a change to our waste management services, reducing the general rubbish (red-lidded) bin collection from a weekly to a fortnightly service. While we wholeheartedly support initiatives such as recycling and the new Food Organics and Garden Organics (FOGO) service, this abrupt reduction in essential waste management poses significant risks to our community's health, hygiene, and overall well-being. Furthermore, we, as residents, are continuing to pay the same council rates, yet receiving only half the service we were previously entitled to.

The Council's Relief Program does not address this Petition as it is limited to certain groups only and, it is still a fortnightly collection which this Petition seeks to reverse and will result in TWICE the amount of landfill sitting around for two weeks.

The implications of this decision are vast. Overflowing bins will lead to unsanitary conditions, attracting pests and potentially leading to public health issues. This is particularly concerning for larger families and households with young children or elderly members who may generate more waste through necessary medical supplies or diapers. The fortnightly collection cycle may not suit their needs and may force residents into difficult decisions regarding waste storage, which could pose even more health hazards.

Additionally, Wellington Shire is a growing community, and many residents are acutely aware of the environmental impact of improper waste disposal. While we applaud the Council's efforts in advocating sustainable practices, these measures should not come at the cost of compromising everyday waste management practices that are crucial for maintaining a healthy environment within our homes and neighborhoods.

We, the residents, urge the Wellington Shire Council to reassess this decision. It is imperative that they engage in comprehensive consultation with the community a transparent discussion about our needs and expectations. We call on the Council to immediately reinstate the weekly red bin collection service, thereby ensuring the well-being of our community is not jeopardized.

The Dangerous Impact on Our Community

Health Hazards for Senior Citizens: Our shire has a large population of older residents and retirees. Many rely on incontinence products, medical waste, and specialized health supplies that accumulate quickly. Keeping these items in a bin for 14 days is unsanitary and creates severe health risks for vulnerable seniors.

Severe Hygiene and Pest Risks: Leaving general waste sitting for two weeks creates foul odours and attracts flies, maggots, mice, and rats—especially during hot Victorian summers.

Unmanageable for Young Families: Households with babies and toddlers produce massive amounts of unavoidable nappy waste. Forcing parents to store human waste for a fortnight is completely unacceptable.

Physical and Financial Hardship: Many seniors and families live on fixed incomes or pensions and cannot afford council fees for extra bins. Furthermore, hauling heavy, overfilled fortnightly bins poses a real physical injury risk for older residents with limited mobility.

Increased Illegal Dumping: When bins overflow, waste goes somewhere. This policy will inevitably lead to illegal dumping in our beautiful local bushland, shifting the clean-up costs right back to ratepayers.

Our Demand

The red bin collection be reinstated to weekly collection WITH NO ADDITIONAL COST TO RESIDENTS as Council did state that it would cost ratepayers \$125.00 each per Year to do so, This is hugely unfair to residents just for reinstating a service that was operating successfully for Years until the introduction of the FOGO bins,

We support environmental progress, but it must not compromise public health or penalize our most vulnerable residents.

Sign this petition to demand that Wellington Shire Council maintains a weekly red-lidded bin collection alongside the FOGO service.

Please sign this petition to demand that the Wellington Shire Council listens to its constituents and prioritizes our health and safety by maintaining an adequate waste management system.

RECOMMENDATION

That Council:

- 1. Adopt the recommendations contained in the confidential Attachment 11.2.2 - Municipal Association of Victoria Contract Tender NPN 2.17-3 Evaluation Recommendation Report; and***
- 2. Approve the renewal of the Microsoft Enterprise Agreement for a period of three years; and***
- 3. Note the information contained in the confidential Attachments is designated confidential under Section 3(1) confidential information of the Local Government Act 2020 by the General Manager Corporate Services on 25 August 2026 because it relates to the following grounds:
(g)(ii) private commercial information, being information provided by a business, commercial or financial undertaking that if released, would unreasonably expose the business, commercial or financial undertaking to disadvantage;
except that once this recommendation has been adopted the name of the successful tenderer under the Municipal Association of Victoria Contract Tender NPN 2.17-3 Evaluation Recommendation Report can be made public.***

BACKGROUND

Council's current Microsoft Enterprise Agreement is set to expire on 1 October 2026.

In April 2020 the Municipal Association of Victoria's (MAV) Procurement, on behalf of councils in Victoria, issued a Request for Tender (RFT) for NPN 2.17-3 which is the refresh of NPN 2.17-2 – refer confidential Attachment 11.2.2 - Municipal Association of Victoria Contract Tender NPN 2.17-3 Evaluation Recommendation Report.

In May 2025, the contract arrangement NPN 2.17-3 was extended to 30 September 2028 – refer confidential Attachment 11.2.3 – Municipal Association of Victoria NPN 2.17-3 Extension Report 2025.

Organisations with Microsoft software products are required by law to adhere to and maintain up-to-date licensing for all their products. For organisations with more than 250 users, Microsoft provides enterprise agreements that allow organisations to stay up to date with locked-in pricing over a three-year period. This arrangement provides best value when compared to the alternative method of retail purchase.

Wellington Shire Council's business administration and operations environment is underpinned by Microsoft technologies and software products. Council's core finance, property and rating, and office software requires Microsoft server technologies and products to facilitate its business requirements. Without an enterprise agreement, the cost of software, application licences, server management and service fees and upgrades will be significantly higher for Council.

After a thorough process, involving a qualitative assessment of tender submissions, pricing analysis and comparison and ongoing risk assessment, the panel recommended a list of preferred Microsoft Licensing Solution providers for this contract.

Council is seeking to renew its Microsoft Agreement under the provisions of the MAV Microsoft Arrangement Tender and Procurement contract NPN 2.17-3 – refer confidential Attachment 11.2.2 – Municipal Association of Victoria Contract Tender NPN 2.17-3 Evaluation Recommendation Report.

OPTIONS

Council has the following options available:

1. Renew the Microsoft Enterprise Agreement as proposed (preferred)

Key considerations for this option:

- Commits Council to a three-year agreement.
- Provides flexibility to change licence and product requirements as technology landscape changes.
- Provides all necessary licence and compliance requirements for Council operations.
- The costs associated with this option are allocated in accordance with Council's current adopted budget.

or

2. Not renew the Microsoft Enterprise Agreement.

Without a Microsoft Enterprise Agreement, Council will be required to apply the retail price of Microsoft software per user which is substantially higher in cost and does not offer any corporate support or flexibility to modify or add services as our technology landscape changes over the three-year period.

Key considerations for this option:

- No flexibility or ability to manage licence and product requirements as technology landscape changes.
- No agreement for price fluctuation management - this will result in additional licence costs, service fees and product upgrades to maintain existing business requirements.

PROPOSAL

That Council award Contract NPN 2.17-3 through the MAV Procurement arrangement to renew the Microsoft Enterprise Licensing Agreement for another three year period.
