Description The boat shed is situated on the banks of Sale Canal south of the swinging basin. The main part of the shed is a two storey structure resembling a barn with broad gable roof. There is a single storey addition to the south, with a skillion extension on the off shore side of the building. It has a simple weather board cladding and no ornamentation. The windows are small and have been replaced with aluminium frames. The building has recently been extended and repainted with maintenance by the Sale Prison.

The building has been relocated. Recent extensions have more than doubled the size of the original building.
