Hi Mark

Planning amendment.

The decision to amend our permit for an extra 50 greyhounds is mostly a financial one. We have found that the cost of living has made it harder for families to spend money buying a family dog.

The cost for vaccinations and desexing has made it harder for us.

The grey hound industry is struggling with the lack of dogs. The industry needs the confidence to breed dogs knowing that they have a place for their dogs to be reared and handled. We are well respected in the industry and have owners whose dogs have been very successful. We have the capacity to have more dogs. The greyhound industry needs properties like ours as more properties are closing due where they are situated.

If this amendment is not successful we will continue with our domestic business and have 50 greyhounds and 50 domestics.
